PROFESSIONAL EXPERIENCE

DECEMBER 2021 TO PRESENT: Full time job: AR Process specialist
INFOSYS

In my role as an Account Receivable Specialist proficient in French, I progressed from a Senior Account Receivable position to the specialist role. My core responsibilities encompass cash collection, cash application, and reporting. I was also involved in making Macros using VBA that facilitate processes and automates them..

DECEMBER 2020 TO SEPTEMBER 2021: Full time job: Subject matter expert
(SME) - Content Moderator
MAJOREL

In my initial role, I ensured content compliance on social media platforms, verifying adherence to community guidelines. My dedication was acknowledged, resulting in a promotion to Subject Matter Expert (SME). In this capacity, I supported our team leader and assisted fellow team members, contributing to both team leadership and content management.

JULY TO AUGUST 2018: Observation internship: Intern
IMPERIAL TOBACCO MOROCCO

My observation internship in the tobacco industry was a hands-on experience that expanded my knowledge of electronics maintenance. I collaborated with a team to address crucial company issues, gaining practical insights into the production sector.
